Glazing Timber Frames

- All units supplied are to BSEN 1279 – Kitemark KM38664 and must be glazed to the Code of Practice as laid down by the Glass and Glazing Federation and the NHBC.
- The primary seal is PIB which contains Bitumen
- The secondary seal is 2 part polyurethane
- Some silicon based glazing products should be used. The product used in house is Soudal Silirub 2 and this can be purchased from Middleton Glass.
- We only guarantee our products if compatible products are used and no remakes will be offered free of charge under the Terms and Conditions we provide for this problem
